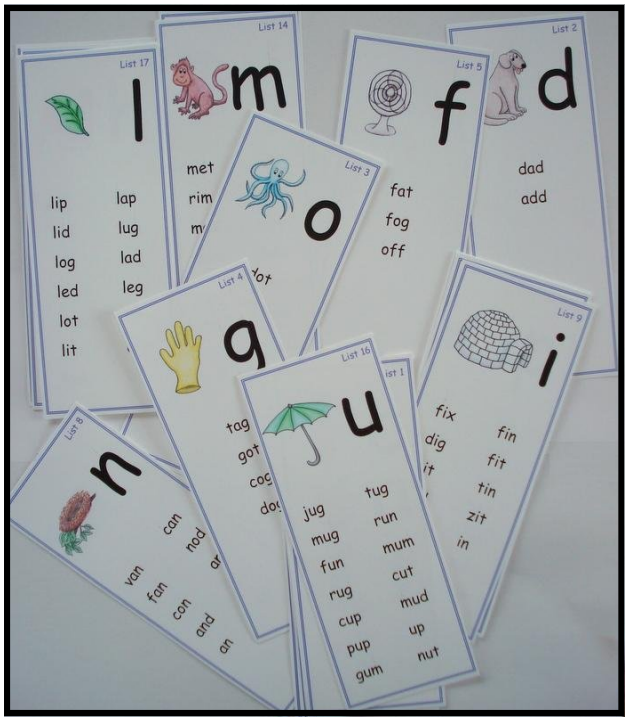
Cumulative Word Lists

Suitable age: Preschool up
Prior knowledge required: None
Format: PDF
Pages: 7
Colour/Black and White: Colour



This resource is made up of 23 different cards.

The alphabet sounds are introduced in the order c, a, t, d, o, g, f, x, v, n, z, i, p, w, e, r, m, j, u, l, h, k, b, s, y and qu.

Once the first three sounds (c, a and t) are known the child can read (and spell) the words on List 1. Those words are: cat, act and at.

List 2 introduces the sound 'd' and also revises (if possible) the sounds introduced in the previous list e.g. c, a and t. Hence why they are called cumulative word lists.
