

Fun with Words

Suitable age: Preschool up

Prior knowledge required: None

Format: PDF

Pages: 11

Colour/Black and White: Colour

A great active way of consolidating the alphabet sounds and learning to read. The children simply read the words and then act them out. There are three different games and they only use three and four letter words containing the alphabet sounds.

The three games are:

- Active words - 46 words that are all verbs.
- Animal words - the names of 20 animals.
- Naming words - a collection of 34 nouns.

These games are a lot of fun and are suitable for children learning to read, children who love reading games and also struggling children who need to consolidate their alphabet sounds and have some fun while they do it!
