

Read, Spell and Say Game

Alphabet Sounds

Suitable age: Preschool up

Prior knowledge required: Some or all of the alphabet sounds preferably

Format: PDF

Pages: 19

Colour/Black and White: Colour

This is a wonderful game which gives children practice at reading, spelling and identifying sounds.

The 'Standard Set' which you purchase separately for \$14.95, includes the interactive boards, star interactive pieces, letter formation chart, instructions and cubes (to be made up). Once you have the 'Standard Set' you can purchase one or all of the following two different levels:

- 1) Alphabet Sounds
- 2) The sounds: oo, ee, sh, ch, th, el, ar, or, er, ir, ur, ere, eer, are and oor

This is the alphabet sound version of the Read, Spell and Say Game. This means that only the alphabet sounds are used in the reading, spelling and saying sound tasks. Many of the words chosen for this game are high frequency words. In order to keep the game simple the words only have two or three alphabet sounds in them.

In a nutshell, this game is played by one of the children throwing a cube (like a dice). The picture that is face up indicates what task the child will need to complete and also which playing card to turn over. So if, for example, the cube lands with the reading picture face up, then the child will need to turn over one of the reading cards and read the word. If the child reads the word correctly then they pick up one of the star interactive pieces and place it on a square in the reading picture row/s of their interactive board. The next child can now have their turn.

There are:

- 34 different reading cards.
- 26 sound (say) cards; and
- 34 different spelling cards.
