

Small Sentences - File 2

Suitable age: Preschool up

Prior knowledge required: Alphabet sounds

Format: PDF

Pages: 9

Colour/Black and White: Colour

There are eight different sentence matching sets which introduce or, er, ir, ur, ere, eer, are and oor and revise the alphabet sounds, oo, ee, sh, ch, th, el and ar.

Each sentence set will also focus on certain high frequency words (HFWs).

The high frequency words focused on in this file are: I, for, catch, at, there, a, go, help, door here, think, has, I'll, will, can, she, the, are, this and is.

What is special about these sentence sets is that whilst they continue to introduce a new sound each time, they will also revise the sounds introduced in the previous sets (and file 1).

These sentences have been designed to help the child become more fluent in their reading.

Each activity has approximately nine different sentences to read. The objective is for the child to read the sentences and then find the matching/ corresponding picture.

Matching Sentence - Game 1
 Parent/Teacher Instructions: Simply print out the following pages onto heavy paper (160gsm up) and cut each of the pieces out. Laminate if you wish.
 Student Instructions: Read each sentence and then find the corresponding picture card to lay alongside it.

Prior knowledge required:
